(NAAC Accredited 'A' Grade)

## Environmental and Energy Usage Policy

### Objective of the Policy

The Environment and Energy usage Policy of N. G. Acharya & D. K. Marathe College is to manage energy in such a systematic way so as to minimize its impact on the environment. This environment and energy policy is binding on all the sections of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment towards conservation of natural resources and to limit its usage.

We abide to the policy by undertaking green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

### Scope of the Policy

- To assess our energy usage and measure its impact on the environment.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism.
- To strongly advocate the "Save Water" initiative in the campus.
- Energy efficient devices and Microscale techniques in laboratories.
- To undertake tree plantation drive.
- To take additional measures to continuously improve our energy consumption.

- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
- To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the area for environment, energy efficiency and sustainable development.
- To strengthen our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.
- The Environment Conservation Committees objectives and targets will be reviewed on a regular basis by its members under the guidance of the Principal of the college.
